

Google Play Store Submission - SMART

When you are ready to submit your app to the Google Play Store, you will need to submit the following artifacts.

Note that you can add an attachment by using Add=>Attachment or by just dragging a file to the page. Put the image files into folders and zip into a single file works the best. To review the attached files, using Add=>Attachment.

Number	Required Information	Response
1	<p>Screenshots</p> <p>Default – English (United States) – en-US</p> <p>JPEG or 24-bit PNG (no alpha). Min length for any side: 320px. Therefore, it is recommended that you visit this page to confirm the latest requirements from Google.</p>	See attached above
3	<p>Feature Graphic</p> <p>Default – English (United States) – en-US</p> <p>1024 w x 500 h</p> <p>JPG or 24-bit PNG (no alpha)</p> <p>NOTE: Guidelines change and sometimes we're unable to reflect those changes here in a timely manner. Therefore, it is recommended that you visit this page to confirm the latest requirements from Google.</p>	See attached above
4	<p>Promotional Graphic (Optional) - Must be the following</p> <ul style="list-style-type: none">• 180w x 120h• 24 bit PNG or JPEG (no alpha)• no border in art <p>NOTE: Guidelines change and sometimes we're unable to reflect those changes here in a timely manner. Therefore, it is recommended that you visit this page to confirm the latest requirements from Google.</p>	
5	Promotional Video URL	
6	Privacy Policy URL	https://smartstudyportal.com/privacy.htm
7	Marketing Opt-Out - Can Google feature your application in Google Play or any of the Google-owned online or mobile properties.	

8	Application Language - Default is English, can be multiple languages (free form for other languages)	English
9	Title of the app - 30 Characters Max (provide copy for each language selected above)	SMART
10	Description English - 4000 Characters Max (provide copy for each language selected above)	<p>SMART is a HIPAA-compliant SaaS based mobile app. It aids studies with various aspects of participant retention. SMART includes an admin web portal & a participant facing mobile app, which allows for secure messaging, study calendar management, self-scheduling by participants, secure photo uploads, & easy longitudinal tracking of participants from screening to study completion.</p> <p>The app uses traditional form authentication & social login (Facebook & Google). The app doesn't request anything other than basic information from these authentication services. The mobile app uses local data storage for storing minimal information – e.g., app settings. No user data or study related information will be saved within this database at any time. All of the data displayed within the mobile app are retrieved in real time. All communication between the mobile app & the web service use SSL. The mobile app implements an automatic logout when there is an inactivity for more than 3 minutes. The app has push notifications that are primarily used for reminders and notifications of new messages. Firebase cloud messaging service is used for these notifications.</p>
11	Recent Changes - 500 Characters Max (provide copy for each language selected above) (Updates Only)	
12	Promo Text - 80 Characters Max ((provide copy for each language selected above)	SMART - Maintains participant engagement by managing study visits and activities
13	Application Type - (Application or Game)	Application
14	<p>Category (multiple can be chosen)</p> <p>If Application Type is Application</p> <ul style="list-style-type: none"> • Books & Reference • Business • Comics • Communication • Education • Entertainment • Finance • Health & Fitness • Libraries & Demo • Lifestyle • Media & Video • Medical • Music & Audio • News & Magazines • Personalization • Photography • Productivity • Shopping • Social • Sports • Tools • Transportation • Travel & Local • Weather <p>If Application Type is Game</p> <ul style="list-style-type: none"> • Arcade & Action • Brain & Puzzle • Cards & Casino • Casual • Racing • Sports Games 	Tools
